Greetings,

I am excited to inform you that our new playground that we have been saving for is about to be installed. Beginning next Tuesday, we have a company coming to begin installation and it will take about 10-12 days for them to complete. I want to give a BIG thank you to American Environmental Landfill for providing the manpower and equipment to pull out the old playground equipment so we can begin our part of installing barriers and mulch. If there are any parents that would like to come help install some borders and mulch, it would be greatly appreciated. We could use shovels, picks, rakes, sledge hammers and even a tractor or two with front end loaders. Weather permitting, I would like to begin working on the school's part of the project over the following two Saturdays: January 31st and February 7th starting at 9am. We would appreciate any help you can give even if it is only a couple of hours.

Thanks!!

Mr. Banker
